

Policy on Reasonable Modification/Accommodations for Individuals with Disabilities

It is Rio Metro Regional Transit District's (Rio Metro) policy to make reasonable modifications to its policies, practices, or procedures when requested to do so by individuals with disabilities when such accommodations are necessary to avoid discrimination on the basis of disability. The effective date of this policy is July 13, 2015.

Requests for accommodations will be considered on a case-by-case basis and may be denied on one or more of the following grounds:

- Granting the request would fundamentally alter the nature of Rio Metro's service, programs, or activities;
- Granting the request could create a direct threat to the health or safety of the requestor or others;
- Granting the request would create an undue financial or administrative burden for the Agency; or
- Without such modification, the individual with a disability is otherwise able to fully use Rio Metro's services, programs, or activities for their intended purpose.

In determining whether to grant a requested modification, Rio Metro will be guided by the provisions of United States Department of Transportation at 49 CFR Appendix E to Part 37.169.

When choosing among alternatives for accommodations, Rio Metro will give priority to those methods that offer services, programs and activities to qualified individuals with disabilities in the most integrated setting appropriate for the needs of the individual(s) with disabilities. In any case in which Rio Metro denies a request for an accommodation, Rio Metro will attempt to ensure that the individual with a disability receives the services or benefits provided by Rio Metro by other means that comport with this policy.

Process for Requesting Modifications/Accommodations for Individuals with Disabilities

Requests for modifications of Rio Metro's policies, practices, or procedures to accommodate an individual with a disability may be made either in advance or at the time of the transportation service. Rio Metro is best able to address and accommodate a request when customers make their requests for modifications in advance. The process for making a request is as follows:

- Individuals requesting modifications shall describe what they need in order to use the service and why this assistance is necessary.
- Whenever feasible, requests for modifications shall be made and determined in advance, before Rio Metro is expected to provide the modified service, for example through customer service inquiries. Rio Metro will review your request and will make every effort to communicate in advance whether or not the requested modification can be made.

- Where a request for modification cannot practicably be made and determined in advance, operating personnel shall make a determination of whether the modification should be provided at the time of the request. Operating personnel may consult with Rio Metro's management before making a determination to grant or deny the request.
- Requests for modification of Rio Metro's policies and practices may be denied on one or more of the following grounds:
 - Granting the request would fundamentally alter the nature of Rio Metro's service, programs, or activities;
 - Granting the request could create a direct threat to the health or safety of the requestor or others;
 - Granting the request would create an undue financial or administrative burden for the Agency; or
 - Without the requested modification, the individual with a disability is otherwise able to fully use Rio Metro's services, programs, or activities for their intended purpose.
